

Attention Parents

We do not recommend children in the Dog Park:

- This space is reserved for dogs and their handlers to exercise and play in an environment safe for dogs to be dogs.
- Dogs run without looking and can accidentally knock people down.
- Dogs play rough.
- Dogs may chase running children.
- Some dogs are not well mannered. Some do not know not to jump on people or that it is impolite to lick a face.
- Dogs do not use restrooms

If you have decided to bring your child into the park:

- Do not allow your child to run and scream.
- Do not allow your child to touch or take a dog's stick, toy, or ball away.
- Do not bring strollers, bikes, skate boards, etc. into the park.
- Do not allow children to play ball game such as soccer or football.
- Do not allow your child to pet an unfamiliar dog.
- Do not allow older children to wander by themselves.
- Keep your child within arm's reach at all times
- Remember you have twice the responsibility to watch your child and your dog.

We want the dog park experience to be enjoyable and safe for all. Dogs are an important part of our community and we believe a tired dog is a happy dog.

Thank you for visiting the Cabot Dog Park
