Update on Impact of COVID-19 on Youth Sports:

CABOT, Arkansas. (March 20, 2020) – Hopefully everyone is good during this time and we will all get through this. With that being said, we at Cabot Parks and Recreation wanted to give you an update on the upcoming Spring 2020 Youth Sports Season as the COVID-19 plays out in the next couple of weeks. The following will occur but could always change:

- All city youth league practices, games and events will be suspended until April 17th.
- Hopefully start practices the week of April 20th.
- Start games the week of May 4th, season going into the middle of June.
- Final Decision on the Spring Season will be made at our monthly commission meeting on Tuesday, April 21st.

Staff has worked diligently to make sure that the kids get a chance to play this upcoming season. We will continue to send skills and drills for your child can do at home to stay active on our Cabot Sports Facebook Page. Any updated information will be sent out via email, posted on our website and social media pages.

The CDC recommends that individuals avoid close contact with sick individuals, wash their hands frequently, avoid touching their eyes, nose and mouth, and use a disposable tissue for coughing or sneezing. In addition, any members or staff who are feeling ill or showing symptoms of the virus should stay home and contact a healthcare provider.

As this situation progresses, the Cabot Parks and Recreation Commission will continue to evaluate upcoming events, programs and policies and will share the information with the public on www.cabotparks.com as well as its social media pages. These adjustments are not due to panic, but to be cautious to our members and employees as safe as possible.

For more information about COVID-19 or tips on how to stay healthy, visit the CDC's website at www.cdc.gov/coronavirus/2019-ncov/index.html.
